FALL 2022

24 November 2022 • Tel Aviv, Israel

ISRAEL'S LEADING FINTECH CONFERENCE

Since 2017

About FinTech Junction

COVID has changed everything, from the way we live and work, to the way we shop, bank and use financial services.

In this new reality, banks and financial institutions will have to accelerate the development of their digital services while continuing to protect their valuable customer data, improve their ease-of-use, transparency and seamless service. Competition from neobanks and alternative solutions in the new reality of "remote everything" will add to the existing challenges.

Fintechs are needed now more than ever - and indeed some have seen tremendous growth during the last two years. 2022 might be the turning point for financial services - a year full of growth opportunities.

We invite you to join our 2022 event series in Israel, for a chance to meet the leading people & companies from the financial and tech industries, share ideas, make new connections, and stay updated with the latest themes, trends, insights and forecasts in fintech.

The fintech community is super excited to get back in-person and we can't wait to meet everyone at our upcoming fall event.

at People & Computers

Who

attends our events

FinTech Junction is attended by key decision makers in the financial services and fintech industries. From C-level executives, tech and IT leaders at banks and financial institutions, to fintech startup founders, R&D, product and operations, investors, government and media outlets - the entire fintech community comes together once a year for a one-of-a-kind gathering.

How

sponsors can
take part

Whether you're looking to increase awareness around a new product / service, generate new leads, build relationships and engagement with clients, or establish your position as a leader in the market and a desired employer - we have a range of activities that you can sponsor which will produce these results for your brand.
